

# OXIDATION OF METALS—Volume 27, 1987

A journal which provides a single forum for scientific contributions dealing with all aspects of gas-solid reactions. It includes results of experimental and theoretical work; review papers will be published occasionally.

## Editor

D. L. Douglass  
Materials Department  
University of California at Los Angeles  
Los Angeles, California

## Associate Editors

J. B. Wagner, Jr.
